

# Corporate Training

Access Training Institute specialises in personalised training solutions. Our aim is to provide quality through customised programs, to suit the needs of workplace environments, employers and individuals alike.

We can provide customised training for a wide range of industries tailoring the course/qualification to be accredited (where applicable), alongside matching the objectives of the organisation.

Some examples of customised courses that can be offered are:

- Time Management
- Personal Development
- Public Speaking / Effective Communication
- Project Management
- Conflict resolution
- Computer skills (Word, Excel, etc)
- MYOB book keeping

The entire purpose and focus of our training programs is for participants to enhance their skills, employability and career path potential, while at the same time achieving personal and professional growth, job satisfaction and improved life skills.
